

Glass After-Care Instructions for Professional Applications

In order to maintain your life time warranty:

Once or twice a week, wipe down your shower door to remove body oils, soaps and shampoos from the surface. Once a week, when the Glass/Shower Door is DRY, evenly spray a mist of ***Diamond Blue Wash*** directly onto the entire Surface. Using a clean, dry, micro fiber cloth, wipe in a circular motion and buff to a shine!

NOTE: Do Not use paper towels, squeegees or any other source to clean the surface. The Diamond Seal Systems sealed surface is warranted for life with regular maintenance and without the use of harsh chemicals or detergents.

Washing Instructions for the Microfiber Cloths

Wash the microfiber cloths with warm water. Do not use bleach or fabric softener. Let it air dry. Do not iron.

To Order Diamond Blue Wash and other healthy cleaning products, visit us on our website at www.diamondsealsystems.com or contact your local certified dealer/applicator
